Over 1,000 View Mobile Home Construction

The step by step progress of mobile home construction from the skeleton frame stage to approximately 720 square feet of neatly finished living space was viewed on Sunday, May 8 when Klassen Homes Ltd. held open house at their Vulcan airport location.

In expressing his gratitude at the over 1,000 visitors to the plant, manager Harvey Wallace said a keen interest was shown in various phases of the operation. He felt this tour gave the general public a better appreciation of what is happening presently at the two-hanger plant and some inkling of the company's confidence in the future of this field of construction.

Lunch was served to guests and winner of the draw for an electric wall clock was Mrs. Peggy Todd.

Three varieties of the Klassic Model mobile home are now being constructed at the rate of one a day by the company which supplies a Calgary outlet, Stuart Trailer Sales and another dealership at Prince George, B.C. All are completely furnished models and ready for occupancy and contain either two or three bedrooms, 12'x12' or 12'x16' living rooms which extend into an open kitchen area, hallway in which is installed the furnace and closet space, full bathroom with tub and shower curtain and two side doors at front and rear of the trailer.

Two bedroom homes, three bedroom or three bedroom including a Jack and Jill room with double-decker bunk beds are available and size is either 12'x52' or 12'x60'. These homes are on dual or triple axles depending on size, weight approximately 10,000 pounds and can be moved freely in this province although in B.C. a pilot car is required because of their size.

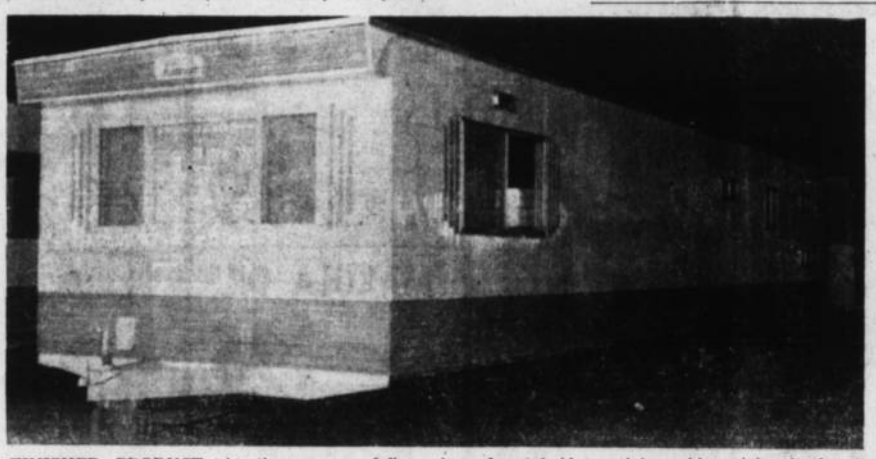

A staff of 50 is presently employed representing plumbing, electrical and finishing carpenter trades and the balance are production workers.

Demand for these mobile homes is exceeding the supply and additional staff is being sought to boost production to two units per day.

The company uses one hanger for storage and the cutting and building of component parts to the trailer. Sixteen trailers in various stages of construction may be in the main hanger at one time as crews move from one to the other.

Steel frames for the homes are being built at Turner Valley presently but plans are under way to expand local facilities to handle this end of the operation as well.

The company came to Vulcan in 1963 with a United States Air Force contract to build 218 service home units. Following completion of this contract portable schools, of which seven went to Calgary, and skid shacks for construction companies were built. This new mobile homes operation was begun early this year.

FINISHED PRODUCT. At the end of the production line at Klassen Homes Ltd. is this finished mobile home. In addition to white, a range of five colors of metal siding is now available to purchasers. This siding is stocked in three foot wide rolls and is run through a special machine giving it the corrugated appearance.

LIVING ROOM. Dispelling the feeling of close quarters associated with trailers is the living room of the mobile homes being built by Klassen Homes Ltd. In this 12'x16' room is a full sized chesterfield and chair, coffee table and end tables. The living room opens into the kitchen giving the effect of additional living area.

CLEAN-UP

The week of May 30 to June 6 has been proclaimed as clean-up week in Vulcan.

Town council asks the co-operation of all residents in cleaning up yards, lanes and boulevards and the public works department will co-operate in hauling trash away.

Housing Is Major Problem

School Officials Concerned

Teacher Shortage Feared Despite High Salaries

COUNTY COUNCIL MEETING

The regular May meeting of the County of Vulcan No. 2 was held Frday, May 13. The meeting convened at 10:30 in the forenoon. Reeve Jack Deitz presided and Councillors F. E. Hubka, A. W. Ulrich, Ivan Haga, R. S. Irwin, Earl Ericksen, A. McAlister, Mr. Willard, E. W. Prater, F. N. Thurber and D. A. McNiven were present. Also present at the meeting was D. D. McQueen, secretary-treasurer.

Mr. Thurber, chairman of the school committee, reported to the council in respect to school affairs during the past month. Considerable discussion was held over the matter of the teacher supply situation and it was noted that there was considerable anxiety on the part of school officials in obtaining a full staff of competent teachers this year. The school committee had entered into an agreement with the teachers for a new salary schedule which was considered to be a very good schedule and well above the average in the province. One of the major problems the school committee is having is the shortage of adequate housing for teachers in areas throughout the county, especially Vulcan, Milo and Lomond.

A letter from the Trans-Canada Mortgage Corporation accepting the county's offer of $9,000 for clear title to a steel duplex building in Vulcan was read. By-law No. 563, a by-law to authorize the purchase of the steel building situated on Lot 1, Block 35, Plan 2126G.F. Vulcan for the sum of $9,000 was passed.

It was moved and carried that the council authorize the school committee to obtain and provide an additional two-bedroomed house in Milo.

The secretary-treasurer read the agreement between the County of Vulcan No. 2 and E. R. Finckh for the establishment of funds to be used to provide two scholarships each year to graduates of the County Central High School, Vulcan. The members of the council noted with a great deal of pleasure and satisfaction that Mr. Finckh had donated the sum of $25,000 to be invested, the interest of which was to provide two scholarships. It was moved and carried unanimously that authorization be given to the reeve and secretary-treasurer to enter into the agreement.

By-law No. 560, a by-law to authorize the sale of the Brant teacherage being Lots 23 and 24, Block 6 to Ross Barker for the sum of $600 was passed.

O. M. Roe was present and interviewed the council in respect to a matter of providing funds to undertake an agricultural survey within the County of Vulcan. Mr. Roe pointed out some of the advantages of such a survey and felt that the information obtained would be of great benefit to the farmers of this area. He was particularly interested in the cost of production of various grain crops and how these compared with the other operations of the farmers, especially cattle raising. He suggested that one mill on the general assessment, or approximately $15,000, be spent on this activity, which would be money well invested for the agricultural industry here. It would be necessary to obtain experts in this field to conduct the survey. It was moved and carried that the council accept Mr. Roe's proposal in principle and that this matter be turned over to the Agricultural Committee for investigation and a report to the council for further action, if any.

Mr. Haga reported on matters respecting the municipal committee's activities and told the council that work is getting under way and that information had been given to the Department of Highways in respect to the 1966-67 highways grant. The articles of agreement would be returned to the office for signature within a few days.

Mr. Irwin, chairman of he agricultural committee, had very little to report, with the exception of the matter of the Charolais cattle which are being brought to Canada from France and resold to American buyers within a short time. He felt that these cattle should remain in Canada for at least five years and the Charolais Cattle Association is trying to have regulations adopted by the Federal Government to insist that these cattle be retained for

"Goodwill Day" Nears

The program for Vulcan's Goodwill Day, Monday, June 6, is rapidly being completed and with the accent on outdoor activities, it only remains for the weatherman to come up with a warm, sunny day.

At its Tuesday meeting Vulcan town council gave its backing to this Chamber of Commerce sponsored project by declaring June 6 a civic holiday, thereby enabling all businessmen to be free to take part in hosting the expected large crowd.

This day is an experiment for businessmen, who make up part of the Chamber's membership, in saying thank-you to the shopping public in town and in the county for their patronage.

In addition to the set program— free brunch, shows, golf, swimming, barbecue (50c charge here), dance, bingo, card party, etc., an afternoon art dsplay and tea at the Vulcan Armouries will be held. Most of the action takes place right on the main downtown intersection and complete details will be published next week.

For now, mark the date on your calendar.

Census Starts June 1st

Officials Urge Completion Of Farm Census Forms

"Although the Census officially begins on Wednesday, June 1, 1966, very few people in the Vulcan County area will get a call from the census taker on that day. In fact only a small proportion of the area population will be enumerated this week," according to C. J. Versluys and A. W. Ulrich, Census Commissioners for this area.

In theory the Census starts June 1 and continues on until completed. In actual fact, because a majority of census takers are new to their jobs, only a small number of names are completed on the first day. And on the second day, Thursday, June 2, they meet together with the census commissioners to review problems they have encountered in their field work.

It is therefore on the third day that the Census gets into high gear. However the third day is a Friday, and while some census takers do elect to work on the Saturday, it is the week starting on Monday, June 6 that will see the greatest amount of census taking completed.

Forms for the farm census should now be in the hands of all farmers. These should be filled out by the farmer so they are ready when the census taker calls, thus saving much time for both the farmer and the census taker.

Seeding Soon Finished If Weather Holds

Reports from Alberta Wheat Pool agents at 14 delivery points in the County of Vulcan indicate that, if the dry weather holds, seeding will be pretty well completed by this weekend, with the possible exception of flax.

As is usual in this area, most of the seeding is being done on summerfallow land. Estimates of seeding on land under crop last year range from 5% at Champion to 60% at Lomond, with the average being 20% to 30%.

Precipitation since May 1 shows a big variation. The following figures were compiled May 20: Peacock 3.1 inches, Carmangay .92, Champion .70, Kirkcaldy 1.0, Vulcan 2.35, Ensign 1.0, Brant 1.0, Herronton .70, Lomond .70,

Diane Gooch Honored At Bridal Shower

(By Milo Correspondent)

Diane Gooch, whose marriage to Gordon Howg will take place on June 18 was the recipient of many lovely and useful gifts at a shower held at Milo on Saturday, May 21.

A delightful program was given consisting of a tap dance by Cindy Maldaner, a piano solo by Diane Sukit, a vocal solo by Judy Willard and a recitation by Gwen Monner.

Cindy Umscheid and Brenda Heather each presented the bride-to-be with a parasol full of gifts.

The decorations of a very beautiful parasol centre-piece made by Mrs. Byrla Armstrong and pink and white streamers to which were attached small parasols all followed the same decorative theme.

Assisting the bride in opening the gifts were her mother, also the mother of the groom-to-be, Mrs. Howg, and the girls whom Diane has chosen for her attendants. Louise Gooch, Debra Gooch, Linda Howg, Joan Winch and Cindy Maldaner.

Diane very graciously thanked the ladies present for the lovely gifts and invited them to visit her in Lomond where they will reside.

Shower Honors Milo Bride-elect Linda Page

(By Milo Correspondent)

A shower was held in the Milo United Church basement on Saturday evening, May 14 in honor of Miss Linda Page, bride-elect of June 4. The church was nicely decorated with bells and balloons with a double heart and bride and groom centre piece on the head table.

Seated at the head table to assist Linda is opening her gifts were her mother, Mrs. Roy Page, the groom's mother and small sister, Mrs. George Snow and Jill, Toni Ryan and Donna Hellevang, all of Calgary, and the bride's cousin, Darbara Armstrong.

The CGIT group presented the "Beauty Box." Mrs. Lil Peterson

Full Two Days Program At McGregor Race Meet

Chuckwagon races each evening and 20 horse races each day, plus pari-mutuel betting on eight races each day will again feature the annual Lake McGregor Race Meet at Milo on Friday and Saturday, June 10-11.

The horse races start at 1:00 p.m. each of the two days and the chuckwagon races at 7:30 p.m. Many of the chuckwagon outfits that will race at the Calgary Stampede will be competing at Lake McGregor meet for trophies and $400 prize money each evening.

Art Marks is parade marshall for the grand parade Saturday at 11 a.m. Twenty trophies are awarded for the best parade entries in different categories and entries must be in by noon Friday. Parade prizes and trophies total $500 in value.

The race meet queen contest, in charge of Mrs. Byrla Armstrong, this year has three entries: Creta Ensign, sponsored by the Milo High School Students Union; Christine Red Gun, sponsored by the Blackfoot Cattlemen's Committee; and Lynda Dann, sponsored by the County Central High School Students Union.

Other attractions at the race meet will be foot races for children run at noon on Saturday, dances at Milo Friday and at Queenstown Saturday evening and the Garrett Midway at the grounds both days.

Announcers this year will be Commodore Allen and Gerry Going, well known auctioneers. Art Nelson will be race meet manager. Officers of the sponsoring Lake McGregor Memorial Park Association are Art Marks, president; William Lewis, secretary; J. E. Bushell, treasurer.

Band Concerts Next Monday

The Vulcan County Band had the distinction last Monday of leading the morning parade at the Little Britches Rodeo at High River, 26 musicians in all.

A short reunion was held at High River with Lloyd Jones, now of Camrose, but one of the instigators of the band movement here, as he and members of his family were in the area over the weekend. He was almost talked into taking up a baritone for the parade.

Big day of the year for the band locally will be next Monday when it presents the annual concert at the Hazel Cameron Elementary School beginning at 8 p.m. As has been found at previous concerts this spring the band is concentrating on a versatile program to suit most musical tastes. The Vulcan Bakery trophy and band scholarship will be awarded.

Also Monday afternoon the band will play a concert for students of the elementary school.

Start Work Soon On First Playground

The Kinsmen Club of Vulcan held its last regular meeting in the Legion Hall on May 18, with Pres. Amond Hyslip presiding. There were 14 members and one guest, D. A. Scott of Medicine Hat, present.

The club is to receive $6,100 through the town for the construction of two kiddies playgrounds as a centennial project. Final approval for the grant was received from both the federal and provincial governments just recently, and funds will be turned over to the club as work progresses.

The first playground to be built this summer is well along in the planning stage and will be located on the lot between the nurses' residence and swimming pool. The second playground, to be built in the new Robson subdivision on the west side of town, will likely be started later this year or in 1967.

Following supper, Mr. Scott, a representative of the S. F. Scott Manufacturers of Blue-Imp Playground Equipment who was present at the request of the club, took the chair. He gave a run-down on the construction and variety of equipment available and answered many related questions. After a lengthy discussion it was decided a special meeting would be held Thursday, May 25, for the ordering of the equipment for the first playground.

The meeting then went into closed session and the committee presented a new slate of officers. With no nominations from the floor the new executive for the 1966-67 term will be as follows: President, Keith Aiken; vice-president, Cleo Schmidt; secretary, Larry Bartman; treasurer, Don Paul; registrar, Don Houlton. Directors are Bill Hilz, Ray Bagozzi and Doug Maisey.

Plans for a dance on June 17th to celebrate the Kinsmen Annual Charter Night were discussed. The dance will begin at 9:00 p.m. in the Vulcan Amouries with the Swing-Alongs of Calgary providing the music. A buffet supper will be served following the dance. Kinsmen members are asked to pick up their invitations at Bartman's Pharmacy.

SCIENCE FAIR. One of 155 entries in the Hazel Cameron Elementary School Science Fair, held last Friday, was the flour mill operation, shown above. At left is Allan Dann while behind him is his project partner Ronnie Wickstrom. Both walls and the centre of the gym were covered with exhibits which were viewed by a constant stream of parents during the afternoon.

MOSSLEIGH

The Mossleigh 4-H Clothing Club held its achievement day on Saturday, May 14, which was very well attended. All the girls were pleased with their projects. Gifts were presented to the leaders and each member received a gift from the club. Wendy Weber's project book was the first year winner and Sandra Christie best for second year and up.

On Saturday, May 21 the 4-H girls cleaned the Mossleigh church yard. Plans were made to clean the Farrow Church yard on Wednesday next at 6:30 p.m.

Approximately 45 persons attended a bridal shower in honor of Mary Androsoff on the evening of May 20. After an interesting contest associated with names of families who live in the Mossleigh district which was won by Alice Thurber, Bessie Leslie and Hazel Blair, a presentation of the gifts was made by Muriel Brassard. With the assistance of her sisters, Nettie and Diane, the bride opened the many gifts. The enjoyable evening was completed when refreshments were served by the ladies of group one of the community club.

From The Legislature

(By Ray Speaker, M.L.A.)

Alberta's second seminar for Youth, held in Edmonton on May 1 and 14, paralleled the success of the one in Calgary. Again 200 young people between the ages of 17 and 20 interacted to discuss and communicate with their peers the social, economic and moral issues to be faced today. In an earlier article I outlined some of the observations and conclusions that were made in the Calgary seminar on these topics. These items were brought to the discussion table again, but new approaches and a greater emphasis were placed on various ones.

As a follow up to these seminars the young people were asked to: (a) give a written analysis of it a week after they arrived home, then a second appraisal by the end of three weeks.

(b) to discuss their position, others discovered at the seminar and to disseminate the knowledge and viewpoints they acquired on moral, economic, and social trends and changes by way of social discussion, local seminars, or any other means if they felt there was this need.

The standing committee will be meeting after all evaluations are in to examine implications and any further possible actions.

As a former teacher I believe many teachers, particularly those in sociology, would find the papers and summaries of these seminars very interesting and beneficial in their work. If anyone desires one they can do so by writing, Walter Kaasa, Director, Cultural Activities Branch, Legislative Building, Edmonton, Alberta.

May I commend those young people who were in attendance from Little Bow Constituency; Diane Gingras, Brant; Mary Kubik, Turin; B. Raycraft, Blackie; Mary Jo Rigdahl, Vauxhall; Randy Gates, Hays; and Terrance Hughes, Enchant.

REPORT FROM EDMONTON

by J. WALLY STRANG

While Premier Manning is taking a well earned vacation in Japan with the Minister of Industry and Development, Russ Patrick; and with the minister of Public Works, Fred Colbourne on holidays, one may ask . . . who is keeping shop in the house on the hill?

Between Provincial Secretary, Ambrose Hollowach, and Treasurer, A. O. Aalborg you can be sure everything is under control, although rumours have opposition members lining up a smear campaign . . . hoping to force the government to call an early fall election.

There is also some chit-chat indicating that some members of our government may be going for a short trip to Manitoba to do some campaigning on behalf of the single Socred cause.

SECURITY?

The incident in Ottawa that resulted in a man blowing himself up last week, could make a few Albertans sit back and wonder about our own provincial security.

As you know, almost anyone . . . no matter what his political convictions may be, can walk into the Alberta Legislature and sit behind and above the Premier and members of the government. All that is required is a slip of paper from the clerk's office and you're in . . . these papers are given out without question . . . and as long as I have been in the house, the only thing the guards look for is a pencil and paper. For some unknown reason the government does not like the public taking notes. But if anyone wanted to carry any dangerous weapons or instruments in the House . . . they certainly would not meet much opposition. Perhaps the Ottawa incident will be a lesson for the provinces to tighten up.

LOOK AHEAD

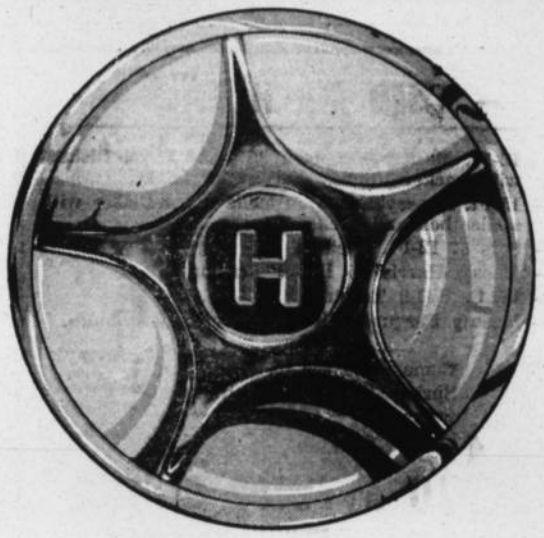

Look for the appointment of architects and engineers to the proposed AGT Building to take place within two weeks.

Topless dancers are ready to make their debut in Edmonton about the middle of September. They say the Go-Go Girls . . . really Go with nothing but a short, short skirt . . . like the man said . . . I'm from Missouri.

District News

CHAMPION

Mrs. J. Koenig and Mrs. D. Arnstead spent the weekend visiting with Mrs. Koenig's sister, in Michel, B.C.

Mr. and Mrs. Bill Wolfe, Mr. and Mrs. G. Davey and Mr. and Mrs. Gerald Groves spent the weekend camping in the hills.

Allie Howerton spent the long weekend at the home of Mr. and Mrs. C. Schneider in Metalaine Falls, Wash.

A very nasty wind on Friday made the annual track meet a bit dirty but nevertheless the students enjoyed the competition and many were winners of ribbons. Crests will be presented at a later time.

The Little League team lost to Mossleigh on Thursday. This will make a third game necessary which will be played in Mossleigh. This is the play-offs for last year's league winner.

The Babe Ruth team played its first game of this year's schedule against Milo on Friday evening, and won.

Jim Jordan had the misfortune of being pinned under the wheel of his tractor last week. He was very fortunate that only one leg was pinned, and is only badly bruised. Eddie Lebsack found him after having been worried because he had only seen him make one round in the field. Jim had lain for four hours, and is home now.

Services in the United Church next Sunday will be held at 3:30 in the afternoon, this will be both Carmangay and Champion congregations and will take the form of a family service, with no church service or Sunday School in the morning. This service will be to dedicate the new manse, and tea will be served at the manse after the service.

Barret Precision Brake Drum Reconditioning Service
The only machine of its type between Calgary and Lethbridge and now installed in our service department for your safety.
This machine restores your out-of-round, worn or scored brake drums to factory-precision trueness . . . for efficient brake service.
It is false economy to install new standard brake shoes in badly worn or scored brake drums. In this condition they are automatically oversize and if standard size brake shoes are installed they will be "MISFITS" and "SHORT-LIVED" and we do not want that to include you and your family.
We also carry in stock a good range of bonded brake shoes for most popular cars and trucks — in standard thickness as well as oversize shoes — to take care of your needs when the drums are machined out in the trueing-up operation.
Remember— your safety depends on good brakes.

My sincere thanks to the doctors and all the hospital staff for their kindness to me during my stay in the Vulcan Hospital. Also my thanks to all my friends, neighbors and family for their flowers, gifts, cards and visits. I appreciated your thoughtfulness so much.
—Opal V. Orcutt, Champion. 1-x

I wish to thank Doctors Koziol and Tompkins and entire staff, especially the nurses for their excellent care and all my kind friends who called and sent cards while I was in the hospital.
—Mervin Norton, Arrowwood. 42-1p

Our thanks to the Royal Canadian Legion, Vulcan from the Girl Guides and Rangers for the donation of hall for our tea and bake sale. Also a special thanks to all the parents who helped make the bake sale a success. 42-1x

Our sincere thanks for donations to "Heart Fund," cards and other expressions of sympathy during our bereavement over the loss of our mother and grandmother.
—The Chester Armey Family. 42-1p

We wish to extend our heartfelt thanks to all our friends and neighbors for their loving thoughts and kindness during the illness and passing of a dear husband and father. The cards, floral tributes, food and visits will long be remembered.
—Mrs. Vera Findlay and family. 42-1x

I would like to express my sincere thanks to everyone who sent me flowers, gifts and cards while I was a patient in St. Michael's Hospital, Lethbridge.
—Donna Williams. 42-1p

Teacher Shortage Feared Despite High Salaries

(Continued From Front Page)

five years at least. It was moved and carried that the County of Vulcan endorse this action by the association and a letter be written in support of their efforts.

An application to purchase the South East 9-17-21-4 by the Bow River Development for an ARDA project was read. This matter was postponed until the secretary-treasurer could write and ask for the particulars of this sale and what the land would be used for.

It was moved and carried that the Court of Revision to hear complaints on the general assessment commence on Tuesday, June 14, at 10:00 o'clock in the forenoon, and continue until all the cases are heard, the court to meet on subsequent days at 9:00 o'clock in the forenoon with the exception of Friday, June 17, which is the day of the regular council meeting.

The secretary-treasurer discussed with the councillors the matter of increasing the insurance coverage on the county property and it was noted that building costs had increased considerably since the schedule was adopted. A list of properties and present insurance, together with a suggested amount which would represent increased coverage of approximately $700,000 and this extra coverage would cost approximately $1,000 a year extra. It was moved and carried that the insurance be increased in accordance with the suggested schedule and that the insurance include employer's liability for the town and village members to the school committee.

By-law No. 562, a by-law to lease Block "Y", Plan 3420 A.Q. and Block "Z", Plan 3103 A.B., Carmangay to Ben Brown for a period of three years was introduced and passed.

By-law No. 564, a by-law to authorize the purchase of a Case tractor, backhoe and attachments for the sum of $10,000 and a used tractor for the sum of $2,000 and bucket for $300 was passed.

Mr. Irwin brought up the matter of the Sharon cemetery and told the councillors of the fact that the grass had been burned off, the fence posts burned and the fence down and made a motion to have the county restore the fence. The motion was talked out and not put. The secretary-treasurer was requested to write to the government to ascertain if there are any provincial funds available to organizations or municipal authorities for the purpose of restoration of cemeteries.

It was moved and carried that the following applications to lease road allowances be approved: A. G. Marks — 29A and 29B in 17-20-4; Thomas Chambers— 27A and 27B in 16-19-4.

SCHOOL COMMITTEE MEETING

The regular May meeting of the School Committee of the County of Vulcan No. 2 was held Monday, May 9. Committee chairman F. N. Thurber presided and committee members E. W. Prater, D. McNiven, Earl Ericksen, A. McAlister, G. Moses, E. Burriss and Ray Wellman present. Also present at the meeting were W. P. Eddy, superintendent of schools and D. D. McQueen, secretary-treasurer.

Committee members held a discussion in respect to the Brant and Arrowwood school building contracts and noted that the contract to demolish the Arrowwood school had been let by the general contractor. A discussion arose over what the county wished to do themselves so that the salvage from the building could be retained. It was also noted that there was a large amount of pipe, baseboard radiation, light fixtures and a large overhead fixture for air conditioning. It was decided to take this matter up with the architects and ascertain if the county could do this work themselves in accordance with the tender. It was left until a later date to decide whether or not the county would take on this work.

A letter from Stevenson and Associates in respect to the quotations on draperies was read. It was moved and carried that the low tender of the Hudson Bay Company for $640 for the drapes for Brant be accepted and the low tender of Eaton's at $740 for Arrowwood be accepted.

The matter of the demolition of the Brant School was discussed and the committee decided that this should be done by the contractor.

A request for the construction of a running track at the County Central High School was considered and this matter was turned over to Mr. Wellman and Mr. O'Reilly for attention.

It was moved and carried that the committee consider the purchase of additional school buses and it was decided to open tenders from the bus companies in order that the buses be purchased at once.

A letter from Trans-Canada Mortgage Corporation in respect to the sale of a steel duplex situated on Lot 1, Block 35, Vulcan was read. The letter stated that the asking price was $11,900. It was moved and carried that the committee offer the sum of $9,000 for a clear title, immediate possession and taxes paid to May 1st.

It was moved and carried that the committee offer Lawrence Mensinger $9,000 for his duplex, steel building adjacent to the duplexes.

It was moved and carried that the Hansell house be rented to W. Chandler for the ensuing term at the regular rent.

A letter from A. F. Psikla in respect to a sound system for the County Central High School auditorium was read. This matter was tabled until the next meeting and the secretary-treasurer was instructed to obtain quotations and someone to come to a meeting and give the committee more information.

A letter in respect to a librarian at the Hazel Cameron Elementary School was read. It was moved and carried that the Superintendent arrange for a part-time librarian.

A request for a half-day school holiday for track eliminations was considered. The committee decided against any action on this.

It was moved and carried that Allan Johnson be authorized to attend the Workshop in Calgary and that the county would pay his registration fee of $20.

A request from Mr. Petkau, principal of the Champion School, to departmentalize the grades in Champion was read. This matter was taken under advisement and referred to the superintendent.

Authorization was given to pay the sum of $5.00 each to Mr. Gary Hill, H. Ens, and Mrs. A. Thurber to attend the special Workshop school in Calgary.

Mr. Eddy reported that he is having some success in setting up the Opportunity Class in Vulcan and he hoped to be able to obtain a teacher. This matter was left to Mr. Eddy to complete.

It was moved and carried that the committee approve the extra expenditure to complete the small house on the Woodworking 30 project at the County Central High School.

The secretary-treasurer was instructed to write the Town of Vulcan a letter requesting that the town build a sidewalk in front of County Central High School this year.

Mr. Thurber reported to the committee the discussions which were held with the education officials of the Indian Affairs Branch in respect to the county accepting additional Indian students. After discussing this matter from every angle and noting that the teacher situation is very acute, it would be impossible to accept more pupils at the present time than our staff could adequately handle, and it was therefore decided that the number of Indian students to attend the Arrowwood School would remain the same in 1966-67 as it is at the present time, that 10 extra students could be accepted at the school at Mossleigh and that the county would make provision to accept 20 Indian students at Milo. The secretary-treasurer was instructed to advise the Indian Affairs Branch of the decision which had been made.

It was moved and carried that the following resignations be accepted: R. J. McIntyre, Ritchie Whitehead, Joseph Belanger, Miss Nellie Fermill, Mrs. L. Trick, Mrs. C. Johnson, Mrs. K. Ingraham, Martin Horn, R. Beck, Miss Mary J. Townsend, Miss Donna Armour, Miss Evelyn McCarthy and Duane Binning.

It was moved and carried that the following appointment be made to the school staff: Miss Rosemary Moss, Arrowwood.

A list of the repairs which are to be made at County Central High School was presented to the committee and it was noted that the ceiling in the Food and Nutrition room was to be fixed; the ceiling in the Shop required attention as one of the air outlets was loose and you could see daylight through it; the north east stairway water drain was fractured and leaks and should be repaired; the north east staffroom partition to be fixed and it was suggested that some glass bricks be laid in the partition; the ceiling tile is coming loose in quite a few places; and also the front doors to the school were still not satisfactory. The secretary-treasurer was instructed to draw this to the attention of the Architects and have this repair work done as soon as possible.

Of the 14 agents reporting, seven estimate an increase of up to 10% in the acreage sown to wheat in the districts this year and seven estimate a similar increase in acreage sown to barley. In six districts, flax acreage is expected to increase by 5%; in two districts flax acreage is expected to be down 10% to 20%.

Seven points estimate a decrease in acreage sown to rye, from 10% right up to 50% and four points estimate acreage sown to oats to be down about 10%.

Only two points estimate decreased acreage in wheat and barley.

Local News

Mr. and Mrs. Howard Burrell of Calgary visited with friends here on Wednesday en route to Portland, Ore., to attend the wedding of Howard's sister.

A number of friends of Mrs. Mary Boose, well known and highly regarded senior citizen, gathered at the Dawson Lodge Sunday to wish her many happy returns of the day, on the occasion of her 92nd birthday. Rev. R. Pelham lead in singing her favorite hymn and a most happy hour was spent with the guest of honor. Miss Janet Ware, on behalf of those gathered presented Mrs. Boose with a lovely birthday gift and expressed the best wishes of all.

R. Riddell of Calgary is presently a guest at the home of his son-in-law and daughter, Mr. and Mrs. Harry Stoddard. On Sunday the Stoddards and Mr. Riddell motored to Beavais Lake, where they enjoyed fishing and a picnic. Among other Vulcan visitors to Beavais Lake were Mr. and Mrs. A. Sokvitne and family and the Frank Jepps family.

Mr. and Mrs. Greg Todd of Lethbridge accompanied by Mrs. Bob Todd and Mrs. E. Kranz of Calgary motored to Penticton, B.C. last week, where they spent a holiday.

Friends of Walter Stewart will be sorry to learn that he suffered extensive injuries, when a car he was repairing slipped off the jack, pinning him underneath. He is now confined to the local hospital.

Friends of Mrs. A. W. MacDonald will be sorry to learn that she is presently a patient at the local hospital.

Mrs. Caldwell, Sr., of Champion is presently a visitor at the home of Mrs. Laverne Myers.

Mr. and Mrs. A. Sheffield of Calgary were business visitors to Vulcan last week and while here were guests of Mr. and Mrs. E. G. McPherson.

BEWARE

Farmers must adopt a positive attitude toward business by dealing with salesmen and firms who have earned a reputation of fair dealing, who are known personally and welcome a thorough investigation before attempting to close a deal.

The better business bureau advises that no amount of provincial or federal legislation will ever protect a person from his own stupidity — if he wishes to waste his fortune, he will find a way to do so and there will always be people around who will help relieve him of it. One way is to deal with a total stranger, who makes fantastic claims and promises about his products and services; who rushes the prospective customer into closing a deal and refuses to allow him time to investigate — before signing or paying.

One field of endeavour presently being invaded by the suede shoe boys is that of steel buildings for farm use. Although there are a number of reputable manufacturers and distributors of steel buildings available they are seldom the subject of any criticism, because they welcome any interested party to see what they have to offer, to do careful comparative shopping for quality and price, and they do not resort to rush tactics.

A recent investigation, conducted on a firm operating out of Winnipeg, shows that there are some 10 to 20 different trade styles being used by sales people, all having an indirect connection. Their source of supply, which should be of interest to the buyer, seems to be something that inevitably has been neglected. In many cases reported, the purchaser has seen only a beautifully illustrated catalogue which could be an illustration of a completely different item than the one being sold or delivered.

One case reported to the Better Business Bureau recently was to the effect that two salesmen, (I shall not name the company they claimed to represent) at the time of their sales pitch to a farmer, claimed they were setting up a company in Edmonton, and that until this was done, they were obtaining their buildings from a firm in the USA. The Better Business Bureau of Edmonton immediately contacted the Bureau in that locale and learned that the firm named had gone into liquidation three years previously. The company who owned the patent and dies for the building, when questioned, denied any arrangements with any Canadian distributors and certainly knew nothing of setting up a factory in Canada. Of course, since that time they have been claiming to obtain their supplies from another firm, — which is only another distributor, not a manufacturer.

Many people may be thinking of the erection of additional storage space on their farms, however don't do anything definite about their ideas until a salesman arrives to do the persuading which formulates a plan of action. If rushed into a contract the results may be disastrous.

Some helpful suggestions which should be followed if the results are to be satisfaction:

1. Plan your project thoroughly — Do Not Rush. Write down everything you would like to have include in your plans; decide what you can afford to purchase or finance.

2. Draw plans for your proposed building carefully, so that you will know what you expect to get for your money. Is it just the materials for a shell or do you propose to have a finished product with concrete footings and reinforced concrete floor, and how many doors and windows or extras? Your District Agriculturist may be able to help you or obtain proven plans through his department.

3. Seek bids from at least two competent contractors. They may be able to offer design ideas and quote firm prices, and their submission will give details of quality of materials such as gauge of sheeting and be specific as to what you get for the price. This is part of their service. Remember the cheapest bid is not always the best.

4. Discuss your financial needs with your banker or financial institute.

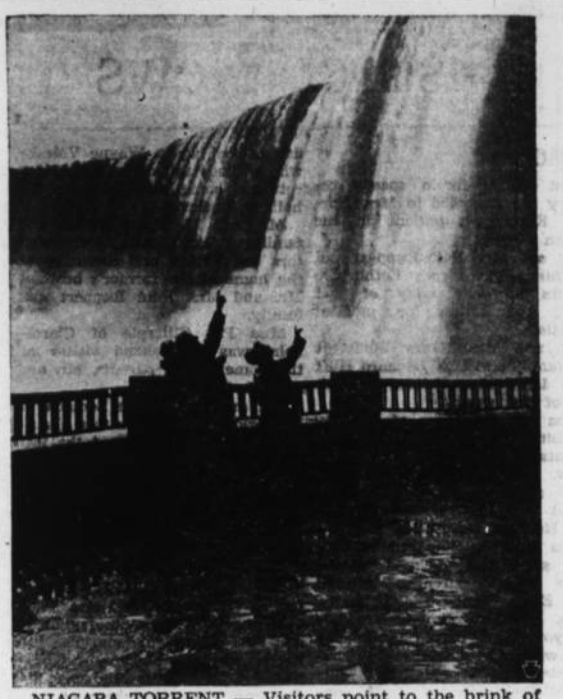

5. If a salesman calls, insist upon seeing his Provincial Direct Sales License. (If he can't produce one, you have the right to notify your nearest police officer — this is for the protection of yourself and your neighbors). Determine if his agency is in the contracting business, or merely a sales office selling for a distributor of materials. Obtain proof of identity of the manufacturer of the materials.

6. If dealing with a salesman; read every contract and paper before you sign, making sure that all of the terms agree with the verbal promises. If contract is to be paid in cash upon completion — be sure that contract is marked non-negotiable. Don't sign until a completion date is put on the contract. Don't pay advance payment until you are satisfied that you will obtain satisfaction. Never make cheque payable to the salesman.

7. If In Doubt — Find Out . . . contact your nearest Better Business Bureau either in Edmonton or Calgary, before you become involved.

8. For complete satisfaction: Deal only with firms who are known to you to have earned a reputation of integrity and honest dealings: Who sell quality materials and workmanship rather than resorting to gimmicks and deception.

This material was prepared for our use by the Better Business Bureau. We're lucky, we haven't experienced many salesmen of this type this year — yet.

GREAT NORTHWEST PIONEER VILLAGE

See how one man recaptured the spirit of Alberta's pioneer past.

The Great Northwest Pioneer Village is more than a museum — it is a monument to the pride one man has in our Alberta heritage. That man is Earl Danard, son of a pioneer family. He has assembled a fascinating collection of thousands of relics and artifacts, housed in twenty-five original pioneer buildings. Mr. Danard's unique collection includes antique cars and engines, cutters and buggies, the first Indian school (built on the Winterburn Reserve by Rev. A. B. Baird in 1883), and an authentic Greek Orthodox chapel that accommodates just two worshippers.
This living historical village represents a tremendous outlay of interest, time and effort in creating a unique tribute to the pioneer history of our Alberta.

Take your family out to visit the Great Northwest Pioneer Village soon. It's located just twenty-three miles west of Edmonton on Highway 16.

DINTON

Thirteen members and four visitors met at Dinton Hall for the monthly meeting May 18. Roll call was answered with prize for the flower show in August. Mrs. George Whillans reported that cancer canvassing was nearly finished. Following adjournment a sale of plants was held and lunch was served by hostess Mrs. R. T. Johnston assisted by Mrs. J. Gillanders. Ladies on shower committee then decorated the hall for Saturday evening.

PRESENTATION TO LEGION PADRE REV. M. JOHNSON

A large attendance met in the Legion lounge may 16 for the meeting of the High River Canadian Legion when a presentation was made to the padre, The Rev. Morse Johnson, who is leaving High River.

The meeting approved donations of $25 to the Red Shield Fund, $25 to the fresh air camp for under-privileged children at Pine Lake, stamps for a shut-in, and $5 to the St. George of Ypres fund. The Rev. Tom Betton was named padre for the coming year. Members learned with regret that Luther King and Art Newman both are in hospital and all send best wishes.

Mr. Ganno will be janitor for the Legion room. Last bingo for the season will be held in the banquet room on June 1 with a $20 blackout. Money from these bingos is used for bursaries and welfare.

The meeting adjourned at 9 p.m. to join the ladies group for lunch returning to the lounge to enjoy Dr. Cramer's pictures of the northland. Next meeting will be at 8 p.m. on June 20. Lunch will be held and a program is to follow.

Richardson, Robbie Vows Read At Vulcan United

On April 2, 1966 at 4:30 p.m. in Vulcan United Church, Marie Dianne, daughter of Mr. and Mrs. W. H. Richardson was united in marriage to Donald Glen Robbie, son of Mr. and Mrs. Russell Robbie, all of Vulcan. Rev. W. Dormer officiated.

The bride, entering on the arm of her father, was attired in a gown of white peau de soie with traditional lily point sleeves. The dress featured a front panel of bridal lace with a floor length bridal lace veil falling from a small aurora borealis tiara. She wore a black diamond necklace and earrings, a gift of the groom, and carried a small bible covered with white lace and pink roses.

The matron of honor, Mrs. Valory Baskin, sister of the bride, the bridesmaids, Miss Jo-Anne Richardson and Miss Patti Richardson also sisters of the bride, Pat Giles, Heather Robbie, sister of the groom and the flower girl, Carol Taylor, cousin of the groom, wore identical floor length gowns of pink peau de soie with white lace jackets and matching bow headpieces. They carried nosegays of white carnations and pink roses. Dainty pearl star necklaces and earrings, gift of the bride, completed their ensembles.

The groom was attended by Fletcher Baskin as best man and Ken Booth, Henry Hoffman, Jack Richardson and Bobbie Robbie as ushers.

During the signing of the register, Mrs. Bill Sharpe, accompanied by Mrs. Stewart Campbell, sang The Wedding Prayer.

Mrs. Richardson, mother of the bride, chose a navy dress and matching coat with white accessories and a corsage of red roses. Mrs. Robbie, the groom's mother, wore a turquoise dress with white accessories and a corsage of red roses.

A reception followed at the Vulcan Lodge Hall. Fred Cartwright acted as Master of Ceremonies. George Richardson gave the toast to the bride which was most ably responded to by the groom. Mrs. Bill Sharp sang The Sweetest Story Ever Told. Fletcher Baskin gave the toast to the bridesmaids.

A dance followed. The bride chose as her going away outfit, a camel colored coat and skirt with green accessories. She wore a corsage of yellow roses.

Out of town guests included friends and relatives from Nanaimo, Calgary, Edmonton, Three Hills, Medicine Hat, Drumheller, Saskatoon, Nanton, Delia and Donalda.

The bride and groom spent a short honeymoon in Banff and Edmonton and are now residing at Kirkcaldy.

THE GOVERNMENT OF ALBERTA ANNOUNCES THE ALBERTA HEALTH PROGRAM

effective July 1, 1966

THE ALBERTA HEALTH PROGRAM OFFERS: (1) All previous benefits under the Alberta Medical Plan. (2) An Extended Health Benefits Plan. (3) Additional subsidy benefits.

AVAILABLE TO ALL RESIDENTS OF ALBERTA * ENROLL BEFORE JUNE 15 FOR BENEFITS EFFECTIVE JULY 1

THE ALBERTA HEALTH PROGRAM

WHAT IS THE ALBERTA HEALTH PROGRAM?
The Alberta Health Program is a measure to provide a pre-payment medical plan covering the costs of medical, surgical and obstetrical services, together with an Extended Health Benefits Plan, for all residents of Alberta, regardless of age, health or occupation. The Government of Alberta provides financial contributions toward premium payments for those in defined income levels.

WHO IS ELIGIBLE?
On an individual basis, this is available in three categories: one person; two persons; family of three or more. On a group basis, it is available through your employer.

WHERE IS COVERAGE AVAILABLE?
Coverage can be obtained from the approved insurers listed in the folder being mailed to all residents of Alberta.

IS THE PREMIUM FIXED?
A maximum premium has been established. Below this maximum, premium levels may vary with the company of your choice.

HOW DO I ENROLL?
For nonsubsidized enrollment under the Alberta Health Program you may enroll directly with the insurer of your choice. Subsidized enrollees must complete a subsidy form with the company of their choice.

DOES THE PROGRAM OPERATE OUTSIDE ALBERTA?
Outside of Alberta, the Program pays the same fee as if such services had been provided in the Province, or the fee charged, whichever is the lesser.

ARE THERE ANY SPECIAL REQUIREMENTS?
Any unmarried, dependent child up to age 21 is included in his family's policy. After 21 years of age separate application must be made.

WHAT ADDITIONAL FEATURES DOES THE ALBERTA HEALTH PROGRAM OFFER?

1. **Waiver of Premium**
If a person, single or the head of a family, covered continuously under the Alberta Health Program for at least two years becomes totally disabled prior to age 65 as the result of an accident, injury or disease so as to be prevented from engaging in any gainful occupation, he will not be required to pay his monthly premium for a period up to six months, starting the third month after the disability.

2. **Health Checkup (Medical Plan Only)**
After a contract holder has been covered by the Alberta Health Program for a continuous period of two years, he and his dependents shall be entitled annually to a routine examination to ensure their continuing good health.

3. **Non-Cancellability of Coverage**
Except for gross misuse or non-payment of premium.

4. **Student Eligibility**
Any student up to the age of 25 who is attending an accredited institute, college or university can be included in his family's policy.

BENEFITS OF THE ALBERTA MEDICAL PLAN PORTION OF THE ALBERTA HEALTH PROGRAM

Benefits under the Alberta Medical Plan provide for the payment of medical, surgical and obstetrical services (when conception occurs subsequent to date of coverage) of any physician when required for preventive, diagnostic or therapeutic treatment and care; examination of eyes for the fitting of eyeglasses; specialist and consultant services as defined under regulations; anaesthetist services; and necessary laboratory services and diagnostic aids including x-ray when ordered by a medical practioner.

The following diseases, conditions and services are excluded from coverage: All services not rendered by, or under the supervision or direction of, a physician; standard laboratory services and diagnostic aids, including x-rays while the covered person is an in-patient in an approved hospital; preventive procedures and treatment of diseases and conditions for which, after diagnosis, medical, surgical and obstetrical care can be obtained without cost, or at a nominal charge by public authorities, excepting the treatment of mental diseases where the said treatment is provided by a physician in the course of his private practice; any condition which is the responsibility of the Workmen's Compensation Board; sterilization for reasons other than health; treatment for conditions or injuries or injuries resulting from actively engaging in war or riot; drugs, medicines and appliances; eyeglasses; dental care and x-ray for dental purposes; physiotherapy and actinotherapy; hospitalization; nursing services; ambulance service; mileage or time involved by a medical practitioner in travelling; all examinations by a physician as may be required for the use of a third party. Where a covered person makes claim under the contract, and at the time the claim arises has in force any other form of medical insurance or coverage, the liability of the approved carrier shall in no event exceed the difference between the amount of the claim and the amount payable under the other medical services insurance or coverage.

BENEFITS UNDER THE EXTENDED HEALTH BENEFITS PLAN PORTION OF THE ALBERTA HEALTH PROGRAM

Benefits of the Extended Health Benefits Plan are provided at additional premium cost to that covering participation in the Alberta Medical Plan portion of the Alberta Health Program. Subsidy benefits, where applicable, apply to both premiums.

DRUGS
Payment for approved prescription drugs.

OPTOMETRY
Examination of the eyes for the fitting of eyeglasses, where performed by a qualified person, at 2 year intervals for adults and at 1 year intervals for children under age 18.

PHYSIOTHERAPY
Physiotherapy performed by a physiotherapist as prescribed by a physician.

PSYCHOLOGY
Services of a phychologist.

NURSING
Services of a nurse outside Canada as prescribed by a physician.

AMBULANCE
Necessary transportation to or from a hospital by a professional ambulance service.

RADIUM, BANDAGES AND OTHER MEDICAL SERVICES
a) Casts, bandages, dressings, plaster and similar medical supplies.
b) Use of emergency and other rooms as an out-patient.
c) Radium or cobalt or radio-active isotopes or similar materials when provided outside the Province of Alberta.
d) Blood or blood plasma or other blood products when provided outside the Province of Alberta and when not provided by any other agency.

Supplies must be as prescribed by the attending physician.

AIDS AND APPLIANCES
a) Temporary rental for therapeutic use of wheelchairs, hospital beds, iron lungs, oxygen or respiratory sets.
b) Artificial limbs or eyes, braces and the fitting thereof as provided in the course of treatment, and necessary repair arising from the accidental breakage thereafter. Replacement of eyes or braces in the case of children under age 18 where necessitated by natural growth. Aids or appliances shall be as prescribed by a physician, or, where permitted, by a podiatrist.

OSTEOPATHY
CHIROPRACTIC
PODIATRY
NATUROPATHY
The services of duly qualified, registered and legally practicing osteopaths, chiropractors, podiatrists or naturopaths.

All Extended Health Benefits Plan benefits are subject to a deductible provision of $25 per person with a maximum of $50 per family in each Plan year. The insured also must pay 20 per cent of drug and nursing accounts after the deductible amount has been paid. Those eligible for subsidies will have subsidies apply also to the deductible and co-insurance costs.

NEW SUBSIDY BENEFITS

The Alberta Government will pay a percentage of the premiums for both portions of the Alberta Health Program, the Medical Plan and the Extended Health Benefits Plan, for those residents of Alberta in the income levels defined below. A resident to receive subsidy must be a person who has resided in Alberta for 12 months of the preceding 24 months.

A) Alberta residents whose taxable income is below the taxable level according to federal government tax regulations, will benefit from a provincial government contribution of **80% of the premium cost**

B) Alberta residents whose taxable income is below $500 according to federal government tax regulations, will benefit from a provincial government contribution of **50% of the premium cost**

C) Alberta residents whose taxable income is below $1,000 according to federal government tax regulations, will benefit from a provincial government contribution of **25% of the premium cost**

COMPLETE INFORMATION IS DETAILED IN THE ALBERTA HEALTH PROGRAM FOLDER.

An Important Reminder:

The folder outlining the Alberta Health Program, including the Medical Plan and the Extended Health Benefits Plan, is being mailed to you. Read it. KEEP IT. It contains a very important coupon that you should mail without delay. These Plans are available to every Alberta resident regardless of age, health or occupation. Participation in these Plans may be arranged through the approved insurers as shown in the folder. ENROLL NOW!

A WARNING TO ALL GARDENERS

Whether you have a few flower pots, or a large garden you are exposed to some constant peril. Cuts, scratches and bruises happen to most gardeners. Usually they are not serious if you observe simple precautions. Wash wih an antiseptic soap, apply a good germicide and bandage lightly if needed. We can help you select good products.

But, Tetanus, one of man's most dangerous killer germs, lurks in the soil and can quickly enter the blood stream through any wound or burn. The spores of tetanus bacillus are almost everywhere in both the city and country and in dust or rust. If you have not recently been immunized by tetanus toxoid, ask your physician about it. The protection it gives is positive.
